

LIFE PURPOSE HAND ANALYSIS INTENSIVE COURSE

Autumn 2023 • live, in-person class

October 12-15 • Burlington, VT

21 Hours of Class Time
3 1/2 Day Learning Retreat
Live, In Person

Join us to study hands as you journey to the core of your most meaningful life. Set the stage for the dance of a lifetime where your Soul Consciousness partners with your Authentic Personality. And this is just the beginning – leave with the clarity to re-energize the **LIFE YOU WANT TO WAKE UP TO!** And if you want to help others do the same, this is the course for you.

Find the source for true meaning and satisfaction. It's in your *Hands*—literally in your hands (& fingerprints)!

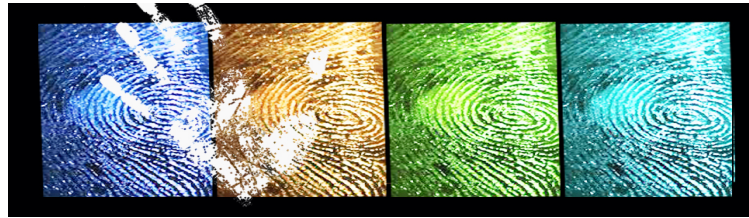

We are human and we strive. We are human and we suffer. What separates us from the animal kingdom is our ability to reflect, to hope, to imagine and to seek greater meaning. We have the will power and discernment to shape our own lives.

You are both an individual and part of a community. Are you someone who strives to feel whole and yearns to contribute meaningfully to your community? I trust if you're reading this, the answer is yes!

Isn't it true, though, at some time in your life you have struggled to find your niche, your calling, the core of your passion so that you **CAN** make a difference? And I'll bet that you know others struggling with these all too human challenges.

The key overcoming these struggles is to understand your **Life Purpose** and how to live it every day. This unique Life Purpose of yours is the **single greatest treasure** you will ever have. And the map to find that treasure is in your hands – literally in your hands. Once you learn how to make the best choices based on your **unique Soul Map**, you can realize the success you want and contribute to the success of your community. Your hands and fingerprints contain that map.

LIFE PURPOSE HAND ANALYSIS INTENSIVE COURSE

Hands – lines, palm shape, fingers and color – reflect your personality archetype, your motivations, your behaviors.

Fingerprints contain the map of your core essence that goes beyond your personality characteristics.

Imprinted indelibly 5 months before you were born, they contain the elusive higher self, your unique purpose as well the least conscious part of you, that thing that gets in the way of a life lived fully and on purpose.

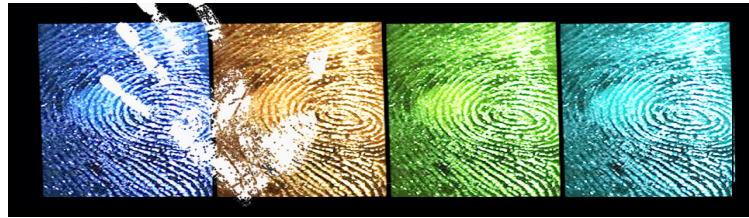

What will you take away from this Intensive Course?

This experience offers you an extraordinary opportunity to immerse yourself in the groundbreaking scientific hand and fingerprint analysis system of the **International Institute of Hand Analysis** (IIHA). In our time together you will learn the essentials of Hand and Fingerprint Analysis. Following this weekend you will:

- **Hold the key to unlock anyone's "reason for being"**
- **Know your own Life Purpose and what is getting in the way of living it**
- **Benefit in 3 specific ways: build trust in your intuition; learn the data that offers the doorway to a life of meaning, and accelerate your personal path to abundance and fulfillment**
- **Immediately apply the information to do practical and meaningful readings for others**
- **Feel the deep satisfaction of confidently helping others see their potential clearly and understand the root causes of what's getting in the way of living it**
